

Shaggy Doggy Spa

Website Graphics Kit & AI Generation Prompts

For Nanobanana 2

Transparent PNGs

On-brand palette

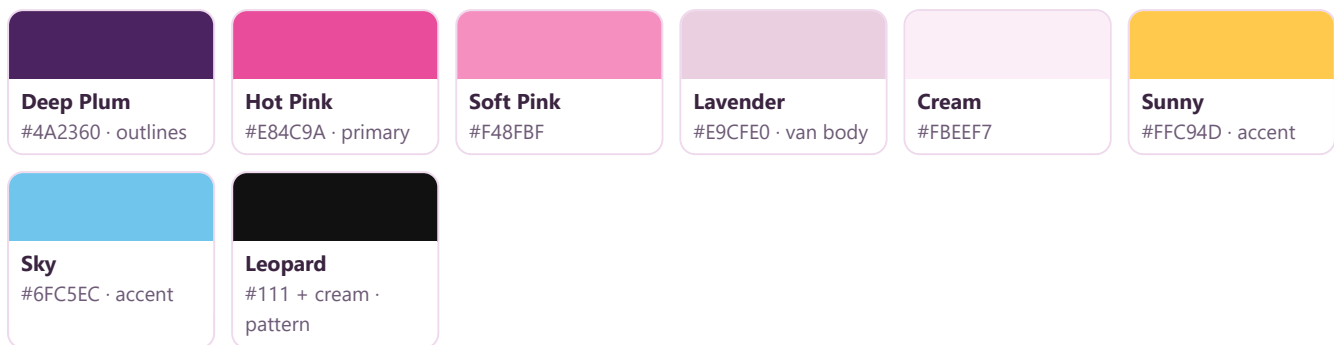

Every graphic element the playful pink website needs — each with a ready-to-paste, brand-matched image prompt. Palette sampled from the real grooming van.

1 · How to use this kit

Generate each asset in **Nanobanana 2** using the prompt provided. Follow these rules so everything looks like one family:

- **Prepend the Master Style Prompt** (below) to every asset prompt. It locks the style + palette.
- **Generate the Hero Mascot first** (asset 4). Once you like it, attach it as a **reference image** for every other dog/character so the illustration style stays identical.
- **Always ask for a transparent background.** If the model adds one anyway, regenerate with "isolated subject on a plain flat #FFFFFF background" and key out the white.
- **Export PNG-24 with alpha** at the size noted on each asset (patterns must be seamless/tileable).
- **One subject per generation** for icons — cleaner than asking for a whole sheet at once.

Brand palette (use these exact hex values)

★ MASTER STYLE PROMPT — paste before every asset prompt:

Flat vector illustration in a playful, modern pet-brand style: bubbly rounded shapes, thick clean deep-plum (#4A2360) outlines, cute and cheerful, soft cel shading, no gradients-heavy realism. Brand palette: bubblegum pink #E84C9A, deep plum #4A2360, soft pink #F48FBF, soft lavender #E9CFE0, cream #FBEEF7, with sunny-yellow #FFC94D and sky-blue #6FC5EC accents. Clean, high-resolution, isolated on a transparent background, centered with even padding.

2 · Brand & identity

1. Primary logo / wordmark

PNG · 2400×1200

Use: header, footer, invoices. The main "Shaggy Doggy Spa" wordmark (currently a text placeholder on the site).

Hand-lettered logo wordmark reading "Shaggy Doggy Spa" in three stacked/arced lines, chunky bubbly rounded cartoon letters, bubblegum-pink (#E84C9A) fill with a thick deep-plum (#4A2360) outline and a soft plum drop-shadow, playful upward bounce, a tiny paw print replacing the dot detail. Beneath it, small clean caps "MOBILE GROOMING" in plum. Fun, friendly, feminine pet-spa vibe. Transparent background.

2. Logo mark / avatar (icon only)

PNG · 1024²

Use: social profile pic, app icon, watermark. Square badge version.

A cute round badge logo: a happy fluffy dog face peeking over a bubblegum-pink rounded shield/heart with a small paw print, thick deep-plum outline, cream highlights. Simple, bold, instantly readable when small. Provide one version on transparent background and one on a solid hot-pink (#E84C9A) circle.

3. Favicon

PNG · 512²

Use: browser tab icon. Must read at 32px.

A single bold paw print icon, bubblegum-pink (#E84C9A) fill with a thick deep-plum (#4A2360) outline, rounded friendly pads, perfectly centered, maximum simplicity so it stays legible at 32×32 px. Transparent background.

4. ★ Hero mascot (STYLE ANCHOR — make this first)

PNG · 1200×1400

Use: homepage hero. **Generate first**, then reuse as the reference image for all other dogs.

An adorable freshly-groomed fluffy cream Doodle puppy sitting and smiling, tongue slightly out, wearing a bubblegum-pink bandana printed with tiny white paw prints, a small pink bow on one ear, a few sparkle/twinkle accents around it. Full body, front view, joyful and clean "just been to the spa" look. Transparent background.

3 · Mascots & characters

5. Dog mascot pack (5 breeds)

5 × PNG · 900²

Use: decorative row (like your van), section corners. **Generate each separately** using asset 4 as style reference.

A set of five cute cartoon dogs in the SAME flat style, each wearing a bubblegum-pink bandana, sitting and happy: (a) Pembroke corgi, (b) French bulldog, (c) golden retriever, (d) white toy poodle, (e) brown scruffy terrier. Consistent outlines and proportions across all five so they read as a family. Each isolated on a transparent background.

6. Spa dog

PNG · 1000×1100

Use: "Why Us" / About / spa-experience section.

A blissful cartoon dog lying back relaxing at a spa: cucumber slices over closed eyes, a fluffy pink towel wrapped as a turban on its head, soft soap bubbles floating around, a tiny content smile. Cozy, pampered, funny-cute. Transparent background.

7. Groomer dog

PNG · 1000×1200

Use: Services / grooming section.

A cute cartoon dog standing on hind legs wearing a bubblegum-pink grooming apron, holding grooming scissors in one paw and a comb in the other, friendly confident smile, a couple of sparkles. Transparent background.

8. Party dog

PNG · 1000×1000

Use: celebration / final CTA band, "Happy Barkday" upsell.

A joyful cartoon dog wearing a striped pink-and-cream party hat, tongue out, mid-tail-wag, with colorful confetti (pink #E84C9A, sunny #FFC94D, sky #6FC5EC) and streamers bursting around it. Celebratory and fun. Transparent background.

9. Reviews dog ("Pawrent Approved")

PNG · 1000×1000

Use: reviews / testimonials section.

A smiling golden cartoon dog wearing round bubblegum-pink eyeglasses, looking smart and approving, next to a small five-point star badge. Warm, trustworthy, cheeky-cute. Transparent background.

10. Illustrated grooming van

PNG · 1800×1100

Use: "We Come To You" / mobile-service section, contact map header.

A cute cartoon of a pink mobile dog-grooming shuttle van, 3/4 front view: soft lavender-pink (#E9CFE0) body, "Shaggy Doggy Spa" bubbly pink wordmark on the side, black-and-white leopard-print accents on the windows, a decal of little cartoon dogs, friendly rounded shape, tiny sparkle. Clean flat illustration, transparent background.

4 · Icons & badges

11. Service icons (6)

6× PNG · 512²

Use: service cards on home + services pages. **Generate each separately**, identical style.

A set of six matching filled-line icons, bubblegum-pink (#E84C9A) with deep-plum (#4A2360) outline, rounded friendly shapes, each centered in the frame: (1) bathtub with soap bubbles, (2) grooming scissors + comb crossed, (3) fur brush with a puff of shed fur, (4) dog paw with a nail clipper, (5) shield with a paw (flea & tick), (6) cute cat face. Consistent weight and size. Each isolated on a transparent background.

12. Process step icons (4)

4x PNG · 512²

Use: "A Simple, Honest Process" section (Book → We Come → Groom → Happy).

A set of four matching icons in the same pink/plum filled-line style: (1) a phone showing a calendar/booking, (2) a little pink grooming van, (3) a dog happily sitting in a bathtub, (4) a sparkling fresh happy dog with a bow. Consistent style, each isolated on a transparent background.

13. Five-star review badge

PNG · 640²

Use: review cards, trust bar.

A cute star-shaped badge/stamp with a big "5" in the middle and small sparkles, bubblegum-pink fill, thick deep-plum outline, a little ribbon tail. Playful award look. Transparent background.

14. "Locally Loved" circular stamp

PNG · 900²

Use: About / trust, footer.

A round vintage-cute badge stamp: a dog paw in the center, text curved around the ring reading "SHAGGY DOGGY SPA • PHELAN & THE HIGH DESERT", small hearts as separators, deep-plum outline on a soft-pink and cream fill. Transparent background.

5 · Decorative elements & patterns

15. Confetti & doodle pack

PNG · 1600² sheet

Use: scattered accents across hero + CTAs (some already faked in CSS — these upgrade them).

A scattered sheet of small celebration doodles with clear space between each: confetti bits, squiggles, four-point sparkles, tiny hearts, small paw prints, mini stars – in bubblegum pink #E84C9A, sunny #FFC94D, sky #6FC5EC and deep plum #4A2360. Flat, cheerful. Transparent background so each piece can be cut out.

16. Accessory pack (hats, bandanas, bows)

PNG · 1200² sheet

Use: dress up photos/mascots, seasonal swaps.

A small set of pet accessories in flat pink/plum style, spaced apart: two striped party hats, a pink paw-print bandana, a pink bow, a tiny crown. Deep-plum outlines. Transparent background.

17. Soap-bubble / suds cluster

PNG · 1200²

Use: bath/spa sections, section dividers.

A soft cluster of translucent soap bubbles and foamy suds with gentle pink and lavender highlights, light and airy, a few small sparkles. Flat-but-glossy cartoon style. Transparent background.

18. Pastel blob shapes (4)

4× PNG · 800²

Use: soft backgrounds behind mascots/photos (upgrades the CSS blobs).

Four smooth organic blob shapes (rounded, irregular "puddle" forms), flat solid fills, one each in soft lavender #E9CFE0, light pink #F48FBF, sunny #FFC94D, sky #6FC5EC. No outline. Each isolated on a transparent background.

19. Leopard-print pattern tile (van callback)

PNG · 1024² seamless

Use: accent strips, card backs, footer band — echoes the van windows.

A seamless, tileable leopard/cheetah spot pattern, black rosettes on a cream white background, evenly distributed, edges matching perfectly for repeat. Also provide a soft-pink-tinted variant (spots in deep plum on pale pink). Flat, clean.

20. Paw-print pattern tile

PNG · 1024² seamless

Use: section backgrounds, dividers (replaces the CSS paw field).

A seamless, tileable pattern of scattered paw prints at varied angles and two sizes, bubblegum-pink #E84C9A paws, edges matching perfectly for repeat. Provide on transparent background and on a soft lavender #F3E6F6 fill.

21. Polka-dot pattern tile

PNG · 1024² seamless

Use: pastel section backgrounds (like Woof Gang's blue dotted sections).

A seamless, tileable polka-dot pattern, small evenly-spaced soft-pink #F48FBF dots on a transparent background, perfectly repeatable. Clean and subtle.

22. Open-Graph / social share banner

PNG · 1200×630

Use: link previews when the site is shared on Facebook / texts / Google.

A 1200×630 social banner: soft plum-to-pink gradient background with faint paw prints and confetti, the "Shaggy Doggy Spa" bubbly pink wordmark, the hero Doodle mascot (asset 4) on the right, headline "Mobile Dog & Cat Grooming – We Come to You" in white, and "📞 760-217-1264" in a pill. Balanced, readable, on-brand. (Or assemble from the wordmark + mascot in Canva.)

Priority order if generating in batches: 4 (hero mascot / style anchor) → 1 (logo) → 11 (service icons) → 5 (dog pack) → 10 (van) → 6–9 (section mascots) → 13–14 (badges) → 12 (process) → 15–21 (decor & patterns) → 2, 3 (mark & favicon) → 22 (share image). Once these exist, send them over and I'll wire each into the site (swap the text wordmark for the real logo, drop mascots into sections, replace the CSS paw/dot fields with the real tiles, and add the icon sets).
